We're

to meet

Da **BES** *You are* **KOWELENZ...** **KOBLENZ...**

It's not only those who are born here who feel it, but everyone who visits Koblenz and gets to know this city.

It's the Rhenish **zest for life** coupled with the ever-changing **2,000 year history**, surrounded by beautiful river valleys, romantic villages, castles, palaces, steep vineyards and lush forests that make Koblenz so unique.

The name "Koblenz" is derived from the original name "Castellum apud confluentes" which the Romans gave the area to describe the confluence of the Rhine and Moselle rivers. The Romans, Franks, electorates and bishops from Trier, the French and Prussians all left their marks on the city. We can proudly say that Koblenz is one of the oldest cities in Germany. Buildings like the **Electoral Palace**, the **St. Castor Basilica** or the imposing **Ehrenbreitstein Fortress**, which is now easily conquered by **Cable Car**, allow every visitor to feel the city's history on his or her skin.

Not only the history is lively in Koblenz. Life itself is legendary. Meet up at one of the countless events, chat during an extensive stroll along the beautiful Rhine Promenade, be filled with wonder during a ride with the cable car up to the Ehrenbreitstein Fortress Cultural Center and indulge in the Rhenish and international cuisine with a nice sip of wine in the picturesque Old Town squares.

Enjoy
YOUR STAY!

*And let us impress
our zest for life on you!*

**BUT MOST IMPORTANTLY:
TAKE HOME GREAT MEMORIES!**

TRULY MAGNIFICENT: YOUR PERFECT DAY.

Lift off with the COMBO TICKET!

This is one of our absolute highlights, literally. The Cable Car was built just prior to the National Garden Expedition in 2011 and has been transporting locals and visitors between the 'Deutsches Eck' and Ehrenbreitstein Fortress on a daily basis ever since. You will float above the Rhine in one of the 16 panorama cars and take in the **UNESCO World Heritage Site, Upper Middle Rhine Valley** from the best perspective and reach the fortress in 7 minutes. It doesn't get better than this!

TIP:

Conquer the Ehrenbreitstein fortress with the Cable Car and save with the COMBO TICKET! Want to enjoy an even better view? Car 17 has a glass floor.

11
a.m.

Loads of culture. Loads of history. Loads of fun!

The **EHRENBREITSTEIN FORTRESS CULTURAL CENTRE** sits atop the mountain, towering 118 m above the Rhine. You can learn more about the ever-changing history of the area and the impressive complex during the "Milestones of Fortress History" tour, which you can either do on your own or with a group.

TIP:

The Koblenz State Museum with its four exhibition halls and the varied fortress shop.

And since knowledge makes one thirsty, you can enjoy refreshments on the most beautiful terrace in Koblenz with a stunning view of the 'Deutsches Eck' before heading back down to the city.

1
p.m.

Lunch is served!

Honestly, this is not easy. At least not when you have such a culinary selection like we do in Koblenz. Regional cuisine? Local hospitality in the Old Town? Dining on the Rhine or Moselle? International?

You have the choice, we have the flavors!

3
p.m.

Take a tour!

From April – October, our English-language guided tours of the **OLD TOWN** take place every Saturday at 3 p.m., which start at the **Tourist Information Office in Forum Confluentes**. The German-Language guided tours start every day at 10:30 a.m.

Or perhaps you feel like casually strolling through the picturesque alleys?

Maybe you want to do some shopping? Then you're in the right place! Two large **shopping malls** and multiple specialist stores are awaiting your arrival.

6
p.m.

The perfect end to a perfect day

Koblenz has an evening full of wonderful activities available. Nice restaurants and wineries in the Old Town, beer gardens in the summer, delicious ice cream and delicacies from around the world.

Or head back up with the Cable Car...

A number of **events** take place at the fortress. If you're lucky, you might catch one or two musical highlights after taking in a spectacular sunset.

The most important aspect of our city is the Rhenish lifestyle that makes one crave indulgence and comfort.

The most famous symbol
of 'Kowelenz'...

'Deutsches Eck'

There's almost nothing better than standing at the tip of the 'Deutsches Eck' and enjoying the view of the two rivers, Father Rhine and Mother Moselle flowing together at this point.

Historically speaking, the triangular structure with the stone cross right behind the Kaiser memorial was named 'Deutsches Eck' in 1216 because of the Teutonic Order settlement located there. The peninsula and memorial, as we know them today, weren't added until the 19th century. The highlight is the 60+ ton **Kaiser-Wilhelm memorial**, which shows the first Emperor of the New German Empire, Kaiser Wilhelm I (1797-1888).

After its destruction during the second world war, it was declared a memorial to German unity from 1953-1990. Following the fall of the Berlin Wall, the gigantic equestrian statue was reconstructed and returned to its rightful place, thanks to citizen initiatives and, ultimately, a private donation.

TIP: The striking head of the original Kaiser memorial can still be viewed in the Middle Rhine museum, Forum Confluentes.

The 'Deutschherrenhaus' behind the memorial has been home to the Ludwig Museum since 1992, which mostly displays postwar French art. Through the historical flower garden, one can access the St. Castor Basilica – a Koblenz church full of tradition. Built from 817 to 836, it is an excellent example of romanian architecture in the Middle Rhine. Emperors and kings used the church as an important meeting point.

OUR CABLE CAR

...spread your wings and fly!

From the 'Deutsches Eck' up to the **Ehrenbreitstein Cultural Center** with the **Koblenz State Museum**.

A ride in the Cable Car should be a part of every trip to Koblenz. It takes about 7 minutes to travel 850 meters across the Rhine. The **Koblenz Cable Car** is 100% handicap accessible and can transport up to 7,600 passengers per hour.

Get a bird's eye view of the UNESCO World Heritage Site, Upper Middle Rhine Valley from one of the panorama cars. It's breathtaking, even after the second, third or fourth trip!

Once you reach the top, there's plenty more to discover, experience and conquer: A walk through the delightful fortress park, an awesome climbing park, an adventure golf course and, of course, an absolute must: **a visit to the impressive Ehrenbreitstein Fortress Cultural Center.**

EHRENBREITSTEIN FORTRESS CULTURAL CENTER

LOADS OF CULTURE. LOADS OF HISTORY. LOADS OF FUN!

© Luftbild.de

www.tor-zum-welterbe.de

The Ehrenbreitstein Fortress, sitting high up on its rocky peak above the confluence of the Rhine and Moselle rivers has a magical appeal.

As far back as 3,000 years ago, people used the mountain as a refuge. The complex, which was built by the Prussians, was once among the largest fortresses in Europe. Meter-thick walls, trenches, tunnels, bridges and gates still characterize the image of this massive complex.

Awaiting you is a lively, modern cultural center with exciting history and diverse activities as well as culinary delights and a breathtaking panorama view of the Rhine and Moselle rivers.

MILESTONES OF FORTRESS HISTORY

Conquer the Fortress:

Right next to the main entrance is the start of the "Milestones of Fortress History" route.

Follow the routes once patrolled by Prussian soldiers and let exhibits, models, films and audio recordings teach you about the location's 5,000 year history.

KOBLENZ STATE MUSEUM IN THE FORTRESS

CULTURAL AND ECONOMIC HISTORY, ARCHAEOLOGY, PHOTOGRAPHY AND INDULGENCE

The Koblenz State Museum in the Ehrenbreitstein fortress displays a million year cultural history in four exhibition halls.

The oldest exhibit is in the **"Haus der Archäologie" (House of Archaeology)**. Together with the state archaeologists of Koblenz, the State Museum presents a long-term exhibit featuring traces of human life in the Middle Rhine and Moselle regions from ancient and early history.

The **"Haus der Fotografie" (House of Photography)** enriches the experience with countless temporary exhibits from national and international photographers.

In the **"Haus des Genusses" (House of Indulgence)**, you can get to know the **"Weinreich Rheinland-Pfalz" (wine-rich state of Rhineland-Palatinate)**. In the wine bar, you can taste the monthly selection and learn about them from wine experts.

Intriguing temporary displays await visitors in the **"Haus der Kulturgeschichte" (House of Cultural History)**. The yearly interactive exhibits are particular highlights.
